Read the following papers :—

No. 540. From the Resident in Travancore and Cochin, to the Chief Secretary to Government, Fort Saint George, dated Trevandrum, 17th September 1869, No. 79.

I HAVE the honour to observe that no reply or order seems to have been passed on Mr. Fisher's letter to the Secretary to Government, Public Works Department, dated 17th January 1863, No. 8, and its enclosure, regarding the views of the Travancore Sirkar with respect to participation in profits arising from the Perryaur Anicut scheme if carried out by the British Government.

2. As the question has received a considerable amount of attention since, the Government may deem it desirable to arrive at some conclusion on the portion of the question to which the above quoted correspondence relates.

No. 541. Memorandum from the Resident in Travancore and Cochin, to the Secretary to Government, Public Works Department, dated Peermade, 19th October 1869, No. 85.

THE Resident in Travancore and Cochin has the honour to forward herewith a copy of the letter from the Dewan of Travancore, No. 57, of the 14th January 1863, agreeably to the request contained in the Memorandum, No. 52, under date the 29th ultimo, from the Secretary to Government, Public Works Department.

From the Dewan of Travancore, to the British Resident of Travancore, dated Trevandrum, 14th January 1863, No. 57.

ADVERTING to the correspondence noted in the margin, on the subject of a proposed work across the Perryaur River, with a view to divert a portion of its waters for the requirements of irrigation in the Madura District, I have the honour to inform you of the views of the Sirkar as to the plan that should be followed in regard to the appropriation of the profits of such a work.

From the Resident, to the Dewan, dated 18th November 1862, with six enclosures.

2. The outlay for the work may be incurred by the Madras Government itself. On this account that Government must have for itself five per cent. on the amount of cost. Deducting, then, this per-centage from the profits that may arise, the residue may be held to be equally divisible between the Madras Government and the Travancore Sirkar.

3. If the British Government concur in the fairness of this arrangement, the matter may be considered as settled, and, of course, the Engineers may be permitted to take such further steps in regard to the contemplated irrigation works as may be deemed proper.

For Orders.

When the late Col: Ouchterlony, as Deputy Chief Engineer of the Southern Circle brought under consideration, in August 1862, the project for diverting the waters of the Perryar into the Madura District this Government addressed the Travancore Government with a view to ascertaining whether it had any objection to that project being undertaken. In reply Mr Fisher forwarded a letter from the Dewan, intimating that the Travancore Circar would consent to the Perryar Scheme being carried out at the cost of the British Govt

I don't think the case quite ripe yet to read at negotiate with the Travancore Govt. till our plans & estimates are matured and have received the sanction of the Govt. of India. We cannot judge what price we may pay for the privilege of taking the Travancore water until we know what profit we may extract from its use. I would tell Mr Ballard that a communication will be made to him hereafter.

Government on the condition
that the profits arising from
it in excess of 5 per cent should
be equally divided between
the two Governments. The
Resident's letter was commu-
nicated to the Deputy Chief
Engineer of the Southern Circle
in Proceeding No 316 dated
February 1863, and appli-
cation was directed to be made
after the 1st May 1864 for a
grant of funds for the com-
mencement of the necessary
preliminary investigations.

Those investigations are
the Government are

the attention of the Resi-
dent of Travancore, he

brings to notice that no arrangement has been come to with that State, and suggests that perhaps the Government may think it advisable to arrive at some conclusion.

Orders are requested.
